

Safety at the college campus:

To ensure safety of our staff and students we have adopted several measures given below-

1.CCTV camera, security guards and vehicle pass:

All the departments, class, blocks and other areas within the college is equipped with 24*7 hours working CCTV cameras. Besides these the college is under by experienced and capable security personnel round the clock. All the staffs, teachers & students are provided with the ID card of the college which ensures no entry without ID card. The college also provides vehicles pass for the students, staff members, and workers/ vendor vehicles to prevent entry of unauthorized vehicles in the campus.

2.Safety in hostel:

24X7 Security guards are available in 1st year boys and all girls hostels. Hostels rules & regulations are strictly followed under the guidance of wardens.

3.Fire Safety:

We have provided fire safety equipments (Fire extinguishers) in labs and offices. Fire sand bucket are available in canteen and mess.

4.Laboratory safety:

All laboratory safety facilities (like chemistry lab safety equipments, workshop safety equipments, electrical labs safety equipments etc) are available within the college campus to make students feel safe and secure with us. In case of emergency students can rush to security persons also who are available always in the college campus.

5. Lightning safety:

Government had provided us the buildings with lightning safety equipments.

6. Group health insurance facility for staff:

Group health insurance facility is provided for each and every staff and their family members.

7. Accidental insurance facility for students:

Accidental insurance facility is provided for all students.

8. The occupational safety and health of cleaning workers/daily labours:

Safety gloves and safety masks are provided to daily labours those are hired for cleaning of campus, hostels etc.

Grass cutter with full safety system is provided to the cleaning staffs.

9. Food and safety:

Food Safety and Standards Act 2006 is strictly followed in canteen and mess.

No canteen and food vendors are allowed to run the canteen and mess without valid food license.

10. Plantation:

The College is doing regular plantation to make the college environment green. The officials are encouraged to plant house trees at their offices to purify the indoor air of their offices.
